FIELD NOTES · LIVE DEMO

# Three Workshops at 10:00

*Making multi-session events work in CI-J*

What sessions give you out of the box and what you still have to build.

ABOUT ME

# Hi, I'm Martin

*Independent Dynamics 365 specialist in Customer Insights – Journeys & Power Platform.*

BACKGROUND

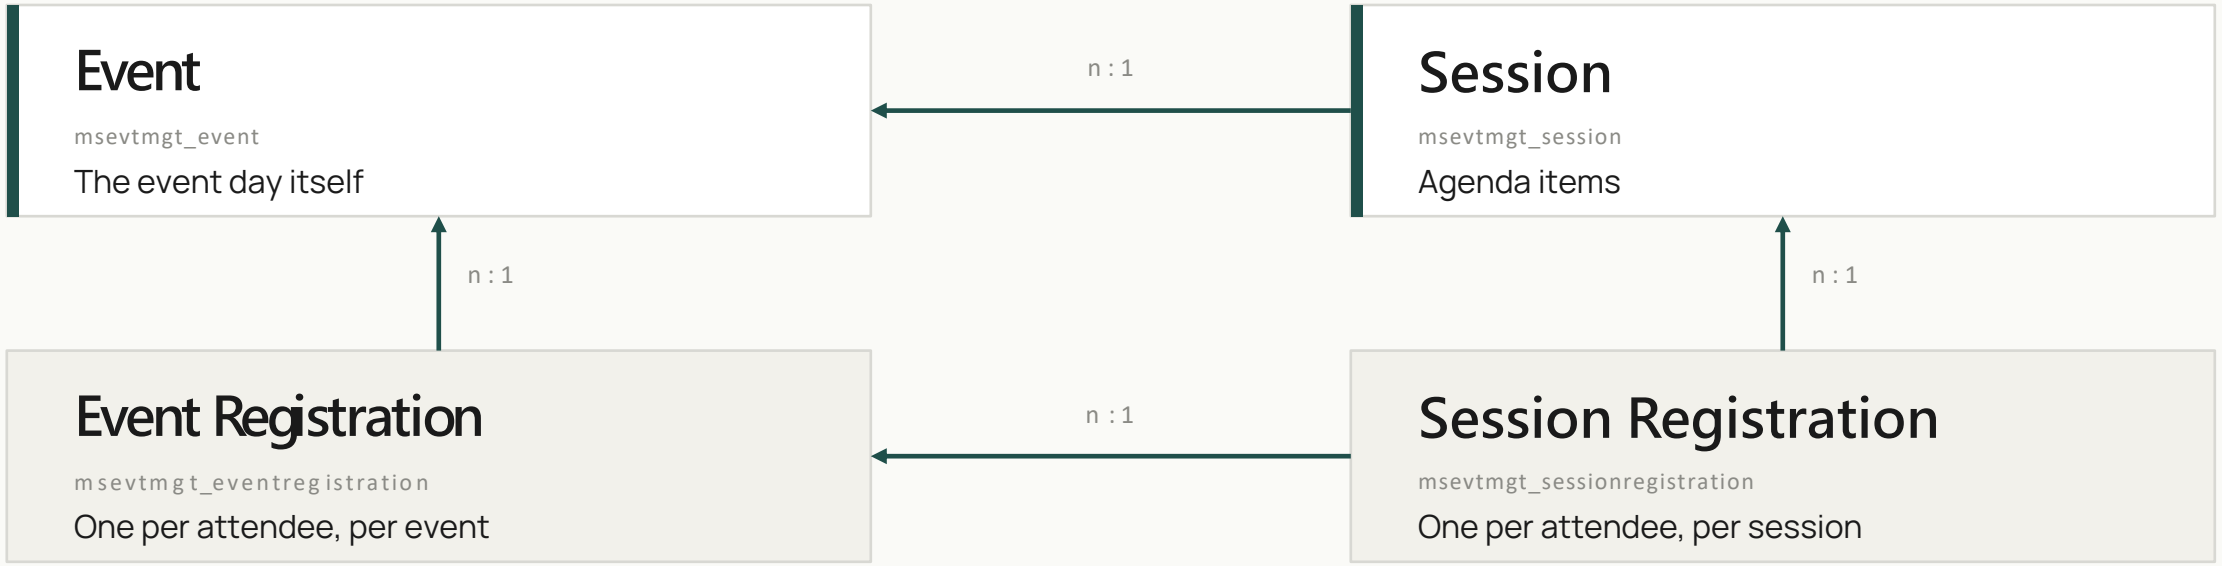

— Based in Switzerland
— 8+ years of D365 & Power Platform
— I like writing and talking about CI-J

martinplopez.com write-ups

THE DATA MODEL

# Four tables, one event day

*Top row: what you plan. Bottom row: what attendees book.*

**Keep in mind** Start times live on Session, bookings on Session Registration.

LIVE DEMO

# Let's see it in action

*One event day, three workshops at 10:00*

## 01

### Draft sessions

Lunch and breaks stay internal. Only live sessions are bookable.

## 02

### Registration form

Custom CSS + JavaScript: one session per time slot.

## 03

### Confirmation email

List Session Registrations, sorted by a “Session start” formula field.

## 04

### Cancellation

Hide session-level controls — cancel the whole registration.

TAKEAWAYS

# Walk away knowing

- Not so straightforward
- Test everything thoroughly
- The cancellation form is one of a kind
